

Public Participation Network Associate Membership Offer

Social Justice Ireland believes that communities should be involved in making the decisions that affect them, based on their unique contribution to social, economic and cultural life. Based on that vision, we have supported the development of the **Public Participation Networks (PPNs)** throughout the country from the start.

We are delighted to be a part of such a significant undertaking and we welcome the opportunity to share in the development of what has the potential to be a valuable network of like-minded individuals and organisations.

To ensure the PPN project works as effectively as possible, we believe that every participant should have access to as much quality information and resources as possible, to help inform your opinions and assist in the development of your own evidence-based research. With that in mind, we are pleased to offer every PPN member organisation not already a Member **Complimentary Associate Membership of *Social Justice Ireland* for 2016.**

Membership is currently available at different rates for individuals and organisations, from €55 per annum, but we feel that the PPN members would benefit from immediate access for the remainder of 2016 and could then make their own decision at the end of the year whether they would be interested in renewing.

Membership offers access to the entire library and archive of *Social Justice Ireland* research, analysis and policy proposals. This work provides not only an analysis of the present, but a vision for the future and viable pathways from

here to there. It also ensures that social justice is part of the political and economic agenda. All our Members make a significant difference in developing a fair and just society.

In addition, Membership includes:

- Our monthly e-mail newsletter
- Full access to the *Social Justice Ireland* online library and archive, including early access to new publications. This archive contains a comprehensive range of research reports of relevance to many of the issues which impact on people in our communities such as unemployment, ageing, rural development, health, education etc.
- Early notification of any events, lectures and briefings that you may be interested in attending at various locations throughout Ireland
- An ongoing invitation to provide feedback on our work and to shape the direction of the organisation, through regular surveys, e-mail thoughts and ideas and regular discussions at our seminars and conferences
- Invitation to our Annual General Meeting
- Optional inclusion in our online Member's Directory

If you would be interested in taking advantage of this Membership invitation, please complete the form overleaf and return it to us at your earliest convenience.

Thank you in advance for your interest and we look forward to working with you in 2016 and beyond.
