Meath Partnership seeking new Tús work placement host groups

Dear Rachel,

I would be very grateful if you could forward this letter to the members of the PPN to let them know that Meath Partnership currently has a high number of people on its Tús Panel awaiting work placements within the towns of Navan, Kells and Trim, and we are seeking to increase our number of Sponsor host groups in these areas.

We are currently very keen to hear from any community, voluntary or not for profit groups operating in these areas that feel that they may benefit from hosting one or more of these individuals in a work placement for 12 months.

The work placement is for 19.5 hours per week and we can help organisations through the process of applying and taking on the work placement.

People who we place with organisations can be a real asset to their host groups and can undertake many and varied roles, including outdoor work, village upkeep, pitch preparation, general maintenance, caretaking of buildings and spaces, administration roles, social media, social care, reception and many more.

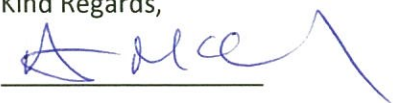

We continue to welcome enquires from groups in other areas of the County Meath, however, we do have a specific priority in the towns outlined where the majority of current candidates for the scheme are living at the moment.

Additionally, if members of the PPN know of individual jobseekers that may be willing to take part as a participant there is now an option whereby a jobseeker can “self-refer” to the scheme which we can assist individuals with.

Groups who are interested should contact the Tús office on **046 928 0790** for an informal chat to explore the possibility of hosting a placement.

Many thanks for your assistance with this.

Kind Regards,

Robert McCulloch

Tús Coordinator
