

Trim FRC invite you to a focus group to explore

A Community Facility for Trim

Trim are leading a research project to explore the need for a community facility in Trim, which would facilitate various community and voluntary organisations to rent work, office or meeting space. The study will explore the community's social and support facility needs and produce a report on the consultation process.

- **Is a community facility needed in Trim?**
- **How would it be used?**
- **How would it be funded?**

The project Steering Committee is keen to ensure that the experience of stakeholders is included in the project. To that end we would like to invite you to a focus group to explore and discuss the issue.
