## ADVICE & INFORMATION

## OUTREACH VISITS

### ADVICE AND INFORMATION

We provide an information and advisory service to anyone (regardless of age or circumstances) who may be contemplating returning or moving to Ireland. If you are thinking of making this move and need clear up to date information on housing, welfare, healthcare, banking and more ensure you **CONTACT US** in advance of your move.

### OUTREACH VISITS

As part of our outreach work, where feasible, we carry out home visits with Safe Home housing applicants throughout the UK.

We meet applicants in their own homes, go through the housing application process in detail, answer any questions and generally assess their situation. Where relevant, we can refer applicants to local support services in the area (financial/housing/support) as they wait to return home to Ireland.

We can provide an outreach and advocacy service to people who have returned to Ireland, either with the assistance of Safe Home or independently. This could include assistance with paperwork involved in applying for benefits and entitlements as well as signposting on to other relevant support agencies that may be of assistance. If you require further information or support **CONTACT US**
