safer and healthier

**Street Feast fosters
stronger communities
through social inclusion,
creating shared experiences
and celebrating our
diversity.**

Street Feast 2017 increased in size again with over 1,200 registered events across Ireland..

Supported by the President of Ireland, nearly all the County Councils, Public Participation Networks, Volunteer Ireland and a range of community groups and social enterprises, it was a special celebration that brought many together, providing the space for new relationships to develop, the sharing of culture, good food and conversation.

With your support we provided
Street Feasters with a lovely party
pack including bunting, balloons, posters, a
DIY guide and on-going support.

The packs..

A group of people are walking along a dirt path in a lush garden. In the foreground, a young woman with dark hair tied back, wearing a maroon cardigan over a black floral top, carries two trays of food. Next to her, an older woman with curly brown hair, wearing a white t-shirt, also carries two trays. Behind them, a man in a blue hoodie and cap walks, and further back, another man in a dark jacket is visible. The path is lined with green bushes and trees, and colorful flower decorations are visible on the left. A semi-transparent purple box with white text is overlaid on the lower half of the image.

**When you have more than
you need, build a longer
table not a taller fence..**

“Great way to meet friends and neighbours. This year we invited a group of Albanians who are staying in Mosney Accommodation Centre. They were thrilled with the event and delighted that everything was free for them and their children. Mosney provided a bus for them. About 30 came..”

-Niamh, Meath 2017

“We got to catch with old friends/neighbours and meet new people on our road”

-Theresa, Meath 2017
