Service Update- We stopped seeing clients face to face and we only provide limited phone support mainly to those already being seen before the COVID-19 outbreak. The new referrals will be picked after the service is back to normal but given the waiting list it would be a matter of at least 4-5 month wait anyway if we were to receive a referral now.

Update to Service Provision: we have been contacting parents of children on the waiting list to gather information on their current situation and provide support over the telephone whenever suitable. We continue to accept new referrals. We expect to have access to video conference platforms in the coming weeks which would allow us to provide both 1-1 and group support (including online parenting groups).

Dear all,

An Garda Síochána is pleased to collaborate with our key partners in diversity by providing as much support as possible to all individuals and communities, especially minorities and isolated persons during these challenging times. Meath Travellers Workshops – Covid-19 response 3rd April 2020

The manager of Meath Travellers Workshops has been in consultation with HSE and Meath County Council in regards to the Traveller specific supports during the Covid 19 Crisis. He is today taking part in a teleconference with the Community Response Forum with Fiona Fellon, Chair, Senior Executive of the Community Section.

There is an overall contact number for **Meath County Council 1800 808 809**

As an organisation we are disseminating through social media; the recommendations for Covid-19, and the supports available and the contact details. This has been further shared through Facebook, WhatsApp and the young people are sharing the information through Instagram.

Information Posters have been created by Pavee Point and Involve and these have also been used.

Radio and newspaper articles have been supported by LMFM and Meath Chronicle highlighting the conditions that Travellers are living in. Following an inspection on Fire Safety of the St Patricks Park site by Meath County Council, a prefab is going to be constructed to support the Travellers camped illegally on the green, to provide much needed washing facilities.

The Community Development Worker has been out visiting Traveller and Roma families that she is aware have literacy issues to ensure they are aware of the need for social distancing and hygiene to prevent the spread of the virus.

The Community Development Worker is pleased to report that Travellers are acting on this advice and she has witnessed very traditional Travellers, who would usually shun authority, walking around with a mask on and using wipes and sanitizer.

To date, there are very few cases reported and they have contacted the **HSE Traveller Hotline for CH08. 083 1006300**

The community development worker has been supported by local initiatives like Athboy People Who Share Care group and Cllr Alan Lawes to provide Traveller families with practical support and to ensure that Traveller needs are considered. These voluntary groups are stretched to the limit.

The Traveller Counselling Service 089 443 7296 has increased the hours of availability and is providing counselling over the phone on the dedicated mobile number.

The work in Carnaross is continuing to be supported by the LMETB facilitator and one of the participants that lives within 2km of the Allotments. They are making sure plants are watered and even managed to sow some potatoes.

Traveller Health Meath

- A Traveller specific Information Helpline related to Covid-19 was launched recently by the Midlands Traveller Health Unit and the four local Traveller Organisations/Primary Health Care Projects for Travellers based in Laois, Offaly, Longford and Westmeath.
- Initially the service was available to Travellers living in the four Midlands Counties together with Meath and Louth. However following numerous requests from the THU's and Travellers Organisations around the Country and with the agreement of staff operating the Helpline, this has now been extended to a National Service, and is available to Travellers living in any County in Ireland.
- **The Helpline number is 083 1006300, currently operating from 9am to 9pm, 7 days a week, but calls outside of these times will be taken or called back, if a number is left on the answering service.**

Meath County Council – Homeless Services

Meath County Council Homeless Service contact details: 046 9097000 and customerservice@meathcoco.ie
Meath County Council Settlement Officers are undertaking homeless assessments over the phone and are also providing tele-supports to existing clients.
Isolation units are available for homeless clients who need to self-isolate and the Settlement Service of Meath County Council will co-ordinate this response.
The civil defence will transport client who needs to self- isolate if necessary and will also deliver essential goods to the unit (duvets, pillows, crockery etc), along with daily food supplies.
HSE guidelines on self-isolation protocols will be followed.

Meath County Council - Isolation Plan should a vulnerable individual or family need assistance.

We have identified a number of units to be used in the event where a person or family needs to self-isolate and cannot do so in a caravan or mobile home.

Regarding Travellers who may find themselves in this position, I am the lead link: louise.clinton@meathcoco.ie

The process is as follows:

The person needs to provide confirmation from their GP that self-isolation is required. Client also needs to provide consent to their GP for MCC to liaise.

The client is then advised of the isolation unit.

The Civil Defence will provide transport if necessary.

The Civil Defence will also deliver small goods to the unit, duvets, pillows, crockery etc. , along with daily food supplies.

The client is then provided with the HSE Guidelines on self isolation protocols.

The client then returns home when cleared to do so by the HSE.

DON'T GET LOCKED IN

As we prepare to socially distance ourselves, several countries are reporting an increase in home drinking.

Make your health and home life a priority by following these tips..

Choose Alcohol Free Days

Plan at least two alcohol free days during your week. The more alcohol free days the better!

Don't Stockpile

Don't stockpile alcohol in your home – plan your weekly shop. Only buy as much as you have decided you want to drink during the week. Opt for low-alcohol or no-alcohol choices.

Keep it Late

It can be tempting to drink earlier when you are at home during the day – try to delay any drinking until as late as possible, especially if there are children in your home. Consider a 'time rule' – e.g. No alcohol in our house until after 10pm

Mind the Children

Children can become afraid when adults are drinking. Avoid drinking alcohol until children have gone to bed. Make sure there is at least one non drinking adult in the house at all times.

Out of Sight

Keep alcohol out of sight and out of reach of children. When you pour a drink, put the remainder away out of sight or in another room so you are not tempted to reach for more. Drink water to quench thirst before drinking.

Help is Out There

Making changes can be hard. Contact the HSE support line – 1800 459 459 – if you need help or support in reducing your alcohol use.

I have made it clear to them that I am available if they need me for anything. I am doing the same via SMS for those who don't have WhatsApp.

Preschool staff have been sent links to online CPD opportunities. I will be sending them stamped addressed envelopes for each child so that they can send letters or Easter wishes to their key children next week.

Supporting Lesbian, Gay, Bisexual &
Trans Young People in Ireland

A Message from BeLong To...

Regardless of what is happening in the world, we are here for LGBTI+ young people. Our Youth Workers are providing text, email and phone support for those who need it during this time of uncertainty.

We know that some LGBTI+ young people may feel isolated from their peers and chosen family, feel stuck in their homes with family members who do not support their identity, and feel scared and anxious.

We are here no matter what is going on. This is a scary time and nobody has to be alone during it. Reach out and talk to our friendly, expert Youth Workers Shane, Kate and Sean. They are happy to listen, provide information and referrals if needed.

Service Updates

We have paused our LGBTI+ youth groups for now to allow people to self-isolate and stay safe until further notice. Our Crisis Counselling service with Pieta will continue for existing clients. If you are a client, your therapist Nash will be in touch with you. Unfortunately, we cannot offer free crisis counselling to new clients during this time. Visit our website for up-to-date factual information about trans healthcare.

Working Remotely

Although our doors are closed, our entire team is working from home and dedicated to supporting the lives of LGBTI+ young people. Thanks to our dedicated Operations Team, we are set up with the technology and tools to work from home. We are working on innovative ways to stay connected to our community online and continue to provide support to LGBTI+ young people across Ireland.

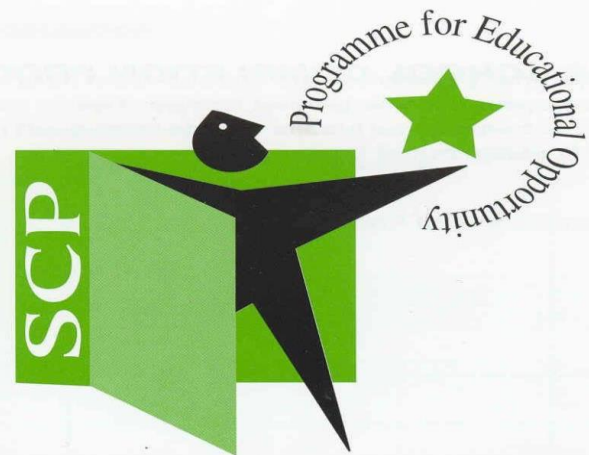

'The Peter McVerry Trust Flowerhill Family Hub and the Drogheda Family Hub is continuing to provide supported temporary accommodation for families experiencing homelessness during COVID-19. PMVT continue to liaise with relevant local authorities on a regular basis. We continue to support, provide information and carry out key-working with residents in the Family Hub while making every effort to practice social distancing.'

Parentline is a free, National, confidential helpline that offers parents support, information and guidance on all aspects of being a parent and any parenting issues. Sometimes all parents need is a friendly, listening ear. You are not on your own. Parentline volunteers are extensively trained in listening and counselling skills.

There is no typical call. Parents call with all sorts of problems and children of all ages offer different parenting challenges. Anxiety, anger, aggression, isolation and loneliness, bullying, discipline, frustration, school refusal, drugs, teenage issues and verbal and emotional abuse are just some of the main reasons for the calls we receive daily. What all our callers have in common is that they are seeking help, support and guidance. The vast majority of our callers are overwhelmingly satisfied with the service offered and the assistance received.

Louth and Meath Education and Training Board

Community Education Service

Direct or Online Tuition Hours

Summer 2020

Applications are now invited from community groups and voluntary organisations for support regarding the delivery of educational programmes under LMETB's Community Education Programme.

In line with Government guidelines for usage of funding, priority will be given to courses/programmes which aim to work with individuals and groups that experience particular barriers to participation in adult learning. It facilitates those who wish to access learning locally, as a step to more active community involvement or certified learning. Courses should address the following:

- **Specifically target educational and social disadvantage**
- **Promote social inclusion**
- **Foster personal development and skills enhancement for group members**
- **Widen participation in learning by adults from all sectors of our community**

Programmes should aim to develop the individual's self-confidence and educational skills base in order to enable and facilitate their development and participation in the life of their community. Community-based courses are often the first step towards further options and choices for the adult learner.

The latest date for receipt of completed applications is **Thursday 14th May**. If successful, course/s must be completed by **Friday 28th August 2020**. The application form is available at www.lmetb.ie or by contacting:
