Virtual Webinar

Best Governance for Community & Voluntary Organisations

The Seminar

This seminar will be of particular interest to all who are volunteering, employed in, or associated with Community or Voluntary Organisations in the non-profit sector. The Seminar will be delivered virtually by an expert, who is well experienced in encouraging NGO's to adopt best governance practices for their organisations. This focus on good governance extends to the implementation of the Charities Governance Code. The Code sets the minimum standards required, which all Board Members of a registered charity should ensure their charity meets, in order to effectively manage and control their organisations in an effective, efficient, accountable and transparent way.

About Us

The Crann Support Group (CRANN) is a community voluntary organisation working to improve and enhance the governance and operations of community childcare organisations (CCOs) and community voluntary social inclusion projects (CVSIPs) through the provision of shared business services. CRANN's shared business services enable our members to be more effective and impactful at what they do and be healthy, transparent, accountable, and vibrant in their local communities. The team at CRANN understands the importance of affordable and excellent support and this is provided through the provision of essential areas such as Governance, Compliance, Human Resource Management, Finance, Education & Training, Transport, Catering, Facility Management and Procurement.
